Snow-JahZee™ 08

10th April 2010

Hoch-Ybrig, Switzerland

**How does the
Snow-JahZee™ work?**

Every rider gets a card like this:

	FS	BS	SW FS	SW BS
STRAIGHT	1		4	
180°	2	3	3	4
360°	4	3	4	5
540°	5	6	6	7
720°	8	7	9	10

Judged Runs

Rules:

- The competitors ride a line of three kickers (16m, 15m & 22m)
- Every Rider can do 6 judged runs (= 18 jumps), which count for the ranking
- In between judged runs the competitors are allowed to do as many training runs as they like from 11:00 am to 16:00 pm
- To do a judged run, a rider has to tell the starter to mark a “Judged Runs”- folder on his Snow-JahZee™-card.
- The judges decide whether a trick is considered as landed or not (clean execution and board must be grabbed)
- After a judged run the rider passes the check-point, where landed tricks are marked on his Snow-JahZee™-card
- Every trick can only be marked once on a Snow-JahZee™-card, but the same trick can be attempted several times if not landed
- Every landed trick is worth an assigned number of points – the rider with the most points wins the Snow-JahZee™
- Still there is no losers at the Snow-JahZee™: “Combo-prices” can be won too!

EXAMPLE: 2nd run

John did his second run, but unfortunately he bailed a sw fs 360°, therefore only one jump (bs 360°) is counted as landed for this run:

	FS	BS	SW FS	SW BS
STRAIGHT	1		4	
180°	2	3	3	4
360°	4	3	4	5
540°	5	6	6	7
720°	8	7	9	10

Judged Runs

EXAMPLE: In the meantime John has finished his 6 judged runs (18 jumps), but unfortunately he either bailed 8 times or didn't execute them cleanly enough. John gets a total of 41 points. If no one else has more points, he will win the Snow-JahZee! Congratulations!

	FS	BS	SW FS	SW BS
STRAIGHT	1		4	
180°	2	3	3	4
360°	4	3	4	5
540°	5	6	6	7
720°	8	7	9	10

Judged Runs

**So far so good, but there
are more prices to be won!**

You can win so called "Combo-prices" by going for different symbols on the Snow-JahZee™ card! For example the first 15 riders who have completed the following combination could win a case of beer.

	FS	BS	SW FS	SW BS
STRAIGHT	1		4	
180°	2	3	3	4
360°	4	3		5
540°	5	6		7
720°	8	7	9	10

On the backside of the card all possible symbols are displayed. The rider will see what can be won with which combination.

Every rider will most likely go home with at least one price.
